

Clean Energy Innovation in Mexico

Energy Sustainability Fund (FSE)

30 / mayo / 2017

Agenda for today

Objective and Structure

Resources and Initiatives

Resources

We receive yearly deposits from Mexican Oil Fund (Fondo Mexicano del Petróleo), which are calculated by multiplying (0.0065) times de Oil Income established and approved in National Income Law; **20 % of that money goes to the FSE**; 65 % to the Hydrocarbon Fund and the remaining 15% to the Mexican Petroleum Institute.

Currently the Fund has nearly 4,500 million pesos, of which more than 80% are already allocated to 146 projects, new initiatives and scholarships.

Areas of focus

FONDO DE HIDROCARBUROS

FONDO DE SUSTENTABILIDAD ENERGÉTICA

0.65% of oil and gas incomes allocated to these Funds

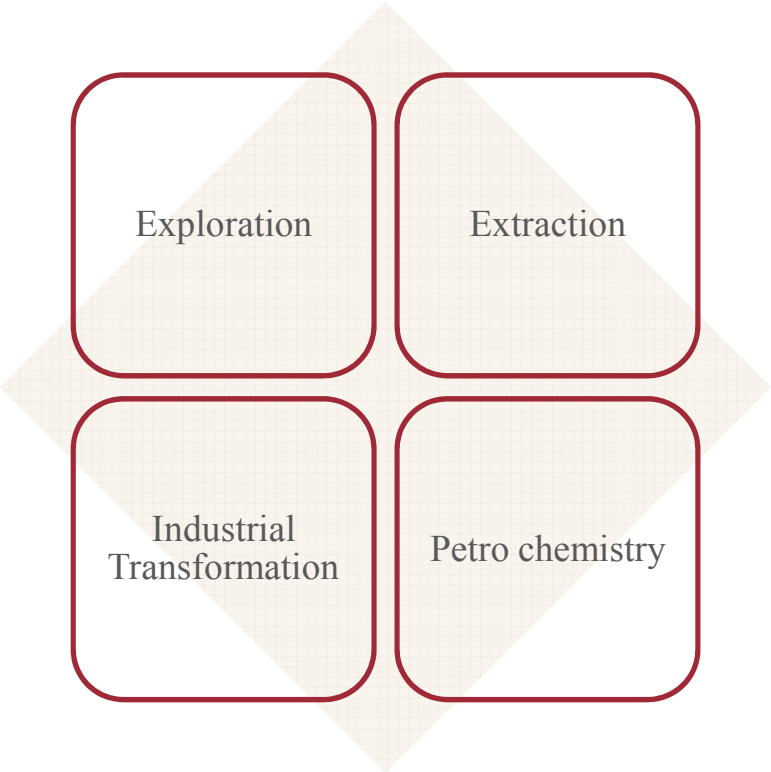

Fund's Objective

FONDO DE HIDROCARBUROS

FONDO DE SUSTENTABILIDAD ENERGÉTICA
