About the Practitioner Network

- Established in 2011, the Practitioner Network is an initiative of the United Nations Foundation that supports the development of a **thriving global distributed energy sector**.
- We do this by connecting our **2,500 members** – to industry insights and resources, and by helping create powerful partnerships.
- As the **largest network of its kind**, the Energy Access Practitioner Network provides an unparalleled platform for understanding and addressing the challenges and opportunities faced by the distributed energy access sector.
