

GLOBAL PARTNERSHIP FOR ENERGY-EFFICIENT BUILDINGS

Global Partnership for Energy-Efficient Buildings

A UN Foundation Initiative

- A public-private partnership to help governments increase investment in energy-efficient buildings
 - Promotes improved global governance and capacity
 - Highlights proven policies, business models and innovations
 - Showcases partner efforts to solve global energy problems
- Enables the private sector to partner with civil society and public institutions to take action to achieve the UN Secretary-General's Sustainable Energy for All's energy efficiency objective

Why Energy Efficiency Holds So Much Potential
