2. *Listen by telephone.*

- Please select the “telephone” option in the right-hand display, and a phone number and PIN will display.

3. *Panelists - Please mute your audio device when not presenting*

4. *Technical Difficulties:*

- *Contact the GoToWebinars Help Desk: 888.259.3826*

Some Housekeeping Items (continued)

- **To ask a question**
 - Select the 'Questions' pane on your screen and type in your question
- **Having trouble viewing the webinar?**
 - PDFs of the presentations can be accessed at <https://cleanenergysolutions.org/training>
- **Share with others or watch it again**
 - A video/audio recording of this Webinar and the slide decks will be made available at: <https://cleanenergysolutions.org/training>
- **Recordings are also available on our YouTube channel**
 - <http://www.youtube.com/user/cleanenergypolicy>

Agenda

1

Welcome & Introductory Remarks

2

Overview of the Clean Energy Solutions Center

- **Sean Esterly**, National Renewable Energy Laboratory

3

Presentations

- **Bruno Lapillonne**, Vice President and Co-founder, Enerdata
- **Carine Sebi**, Project Manager, Energy Efficiency Specialist, Enerdata

4

Question and Answer Session

5

Solutions Center Background and Vision

CleanEnergySolutions.org

The Clean Energy Ministerial (CEM) launched the Clean Energy Solutions Center in April 2011. The Solutions Center:

- Is one of 13 CEM Initiatives, which include:
 - Global Superior Energy Performance Partnership
 - Super-Efficient Equipment and Appliance Deployment initiative
 - Global Lighting and Energy Access Partnership
- Helps governments design and adopt policies and programs that support the deployment of clean energy technologies
- Has more than 35 partners, including IRENA, IEA, IPEEC, Sustainable Energy for All, Bloomberg New Energy Finance and Leonardo Energy
- Is co-chaired by the U.S. Department of Energy and the Australian Department of Industry.

Australia

Denmark

India

Indonesia

Italy

Japan

Mexico

South Africa

Sweden

United Arab Emirates

United States

Clean Energy Solutions Center

CleanEnergySolutions.org

Goals

- **Serve** as the primary resource for clean energy policy information, assistance and peer learning for governments and government-affiliated practitioners.
- **Share** policy best practices, data, and analysis tools across countries.
- **Deliver** dynamic services that enable expert assistance, learning, and peer-to-peer sharing of experiences.
- **Foster** dialogue on emerging policy issues and innovation across the globe.

Primary

- Government Policy Makers
- Advisors

Secondary

- Private Sector Companies
- Energy Entrepreneurs and Investors
- Non-Governmental Organizations
- Civil Society
- Others Engaged in Clean Energy

Target Audiences

Ask-an-Expert: Our Experts in Action

CleanEnergySolutions.org

Connects policymakers to a global network of more than 30 energy experts for quick-response technical assistance on policies and programs relating to:

- Renewable Energy
- Energy Access
- Energy Efficiency
- Smart Grid
- Transportation
- Utilities

Delivered no-cost assistance for more than 120 requests from over 60 countries.

Please submit a question directly at

Bruno Lapillonne, Vice-President and Co-Founder, Enerdata

Bruno is a globally recognised expert of energy efficiency and demand, energy supply and demand, and policy monitoring and evaluation. With more than 30 years of experience, he is the technical coordinator of the European Commission's Odyssee project and of the World Energy Council's policy monitoring analysis. He also manages training sessions and development of databases and information products. Bruno has published numerous articles on energy prospective. He graduated from a major school of Electrical Engineering and holds a PhD in Energy Economics.

Carine Sebi, Project Manager, Energy Efficiency Specialist, Enerdata

Carine Sebi specializes in energy efficiency and participates in various European and French projects on energy efficiency. She served as a technical coordinator on the ODYSSEE project for the European Commission. She also works on experimental economics, public policy assessment and demand. She holds a PhD in Economics.

Question and Answer Session

Please submit any questions through the “Question Pane” of the GoToWebinar panel

Questions

The slides and an audio recording of this Webinar will be made available following the webinar.

- Webinar recording, presentations, and information on upcoming and previously held webinars:
 - <https://cleanenergysolutions.org/training>
- Webinar recordings at the Clean Energy Solutions Center YouTube page:
 - <https://www.youtube.com/user/cleanenergypolicy>

Attendee Survey

How did we do?

Your feedback is important! Please complete the poll on your screen

Your Participation is Appreciated!

THANK YOU!

An audio recording of this Webinar will be made available following the webinar.
