# About GWNET - Activities

**GWNET aims to advance the global energy transition by connecting and empowering women working in sustainable energy in both developed and emerging/developing countries.**

Energy Transition Role Models Campaign: showcasing women energy entrepreneurs from around the globe

<https://www.globalwomennet.org/women-energy-entrepreneurs/>

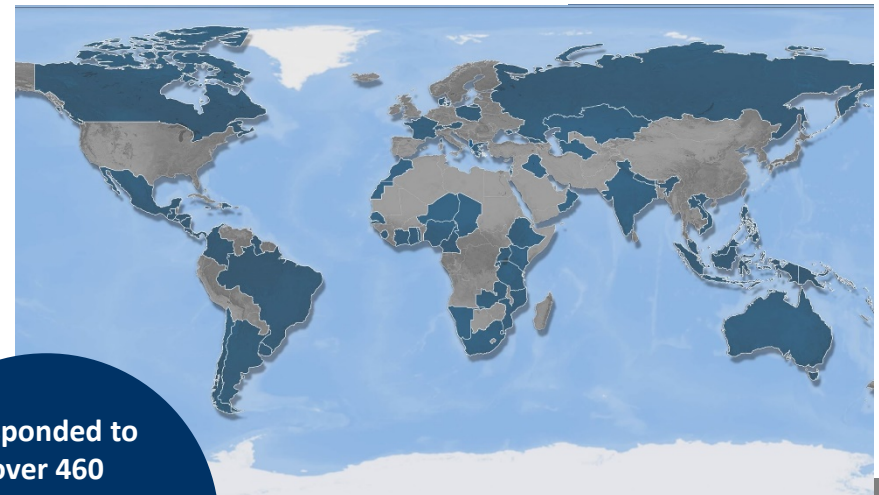

# About the Clean Energy Solutions Center

- Multilateral initiative, of the Clean Energy Ministerial, is co-led by the Australian Department of Environment and Energy, and the U.S. Department of Energy.
- Supporting the transition of clean energy markets and technologies
- Providing expert assistance to governments in all regions of the world with strengthening clean energy policies and finance measures
  - Fast response & free
- Capacity building through on-line training programs and webinars

 **CLEAN ENERGY SOLUTIONS CENTER**

ASSISTING COUNTRIES WITH CLEAN ENERGY POLICY

An Initiative of the Clean Energy Ministerial

Responded to  
over 460  
requests for  
assistance  
from over 90  
countries.

To request assistance, register on  
<http://cleanenergysolutions.org/expert>

 **CLEAN ENERGY**  
MINISTERIAL  
Advancing Clean Energy Together

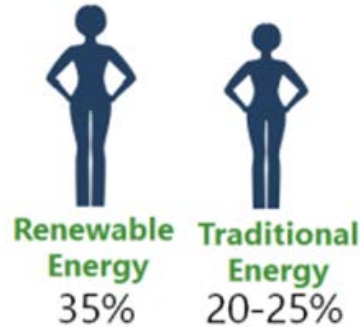

# Clean Energy Education & Empowerment (C3E) International

AN INITIATIVE OF THE CLEAN ENERGY MINISTERIAL

C3E International: organized as a CEM Initiative and as a Technology Collaboration Programme (TCP) by the IEA

Technology Collaboration Programme  
by IEA

**C3E International aims to advance women's participation in clean energy by creating opportunities and closing the gender gap across five focus areas:**

## C3E Work Streams

**data**

Explore further employment data needs

**mentorship**

Renew the Ambassador Corps

**awards**

Present 2<sup>nd</sup> annual C3E awards

**dialogue**

Establish an online platform

**equal by 30**

Benchmark and measure progress

## Allie Glinski

Senior Gender and Evaluation Specialist  
International Center for Research on  
Women

Allie Glinski is a Senior Gender and Evaluation Specialist at the International Center for Research on Women (ICRW) and Associate Director of ICRW Advisors. She has over ten years of research, program and advocacy experience focused on adolescent girls, reproductive health and family planning, monitoring and evaluation (M&E), and women and technology. Allie has a background in development and global health.

## Mathieu Dalle

Regional Director, West  
Africa, Energy4Impact

Mathieu leads West Africa work for Energy4Impact (formerly GVEP International), based in Dakar. One of the main focuses of this work is to support the productive uses of energy for women entrepreneurs in the last mile.

## Anne Njambi Kabugi

Regional Gender Lead, Africa  
International Finance  
Corporation

Anne works for the International Finance Corporation (IFC), where she is the Regional Gender Lead for Africa. She has extensive experience as an expert on gender & sustainability, women's economic empowerment, and international development partnerships. Anne has an MBA in Leadership and Sustainability, and she is based in Nairobi.

# Per-Anders Widell

Programme Manager  
International Energy Agency

Per-Anders works for the International Energy Agency (IEA) in Paris where he coordinates activities related to Energy/Gender. One of the tasks is to support the initiative C3E International (C3E) under the Clean Energy Ministerial and IEA's Technology Collaboration Programme to develop its work on Knowledge and Data gathering. During the webinar Per-Anders will speak on behalf of the C3E initiative.

**Moderator**

**Caroline McGregor** is currently a consultant who has spent her career working at the intersection of climate change, clean energy, and international development.

She was most recently lead specialist for energy access and gender at Sustainable Energy for All where she spearheaded a number of SEforALL initiatives, including a multi-stakeholder coalition for gender equality, social inclusion, and women's empowerment in the energy access arena. Previously, she was a civil servant with the U.S. Department of Energy's Office of International Affairs, where she managed U.S. program and policy engagement under a variety of multilateral climate and clean energy initiatives. She has degrees in international relations and public administration from Wellesley College and Columbia University's School of International and Public Affairs (SIPA).
