Some Housekeeping Items

Two Options for Audio (select audio mode):

1. Listen through your computer.

- Please select the “mic and speakers” radio button on the right hand audio pane display

2. Listen by telephone.

- Please select the “telephone” option in the right-hand display, and a phone number and PIN will display.

3. Panelists - Please mute your audio device when not presenting

4. Technical Difficulties:

- **Contact the GoToWebinars Help Desk: 888.259.3826**

Some Housekeeping Items (continued)

- **To ask a question**
 - Select the 'Questions' pane on your screen and type in your question
- **Having trouble viewing the webinar?**
 - PDFs of the presentations can be accessed at <https://cleanenergysolutions.org/training>
- **Share with others or watch it again**
 - A video/audio recording of this Webinar and the slide decks will be made available at: <https://cleanenergysolutions.org/training>
- **Recordings are also available on our YouTube channel**
 - <http://www.youtube.com/user/cleanenergypolicy>

Agenda

1

**Welcome &
Introductory
Remarks**

2

**Overview of the
Clean Energy
Solutions Center**

- **Eric Lockhart**, National Renewable Energy Laboratory

3

Presentations

- **Jem Porcaro**, United Nations Foundation
- **Jannik Moeller**, Nigerian Energy Support Programme (NESP)
- **Femi Oye**, GoSolar Africa
- **Ifeanyi Orajaka**, GVE Projects Limited Nigeria

4

**Question and
Answer
Session**

5

**Attendee
Survey**

Solutions Center Background and Vision

CleanEnergySolutions.org

The Clean Energy Ministerial (CEM) launched the Clean Energy Solutions Center in April 2011. The Solutions Center:

- Is one of 13 CEM Initiatives, which include:
 - Global Superior Energy Performance Partnership
 - Super-Efficient Equipment and Appliance Deployment initiative
 - Global Lighting and Energy Access Partnership
- Helps governments design and adopt policies and programs that support the deployment of clean energy technologies
- Has more than 35 partners, including IRENA, IEA, IPEEC, Sustainable Energy for All, Bloomberg New Energy Finance and Leonardo Energy
- Is co-chaired by the U.S. Department of Energy, the Australian Department of Industry, and the Government of Sweden

Australia

Sweden

United States

Canada

France

India

Indonesia

Mexico

Clean Energy Solutions Center

CleanEnergySolutions.org

Goals

- **Serve** as the primary resource for clean energy policy information, assistance and peer learning for governments and government-affiliated practitioners.
- **Share** policy best practices, data, and analysis tools across countries.
- **Deliver** dynamic services that enable expert assistance, learning, and peer-to-peer sharing of experiences.
- **Foster** dialogue on emerging policy issues and innovation across the globe.

Primary

- Government Policy Makers
- Advisors

Secondary

- Private Sector Companies
- Energy Entrepreneurs and Investors
- Non-Governmental Organizations
- Civil Society
- Others Engaged in Clean Energy

Target Audiences

Ask-an-Expert: Our Experts in Action

CleanEnergySolutions.org

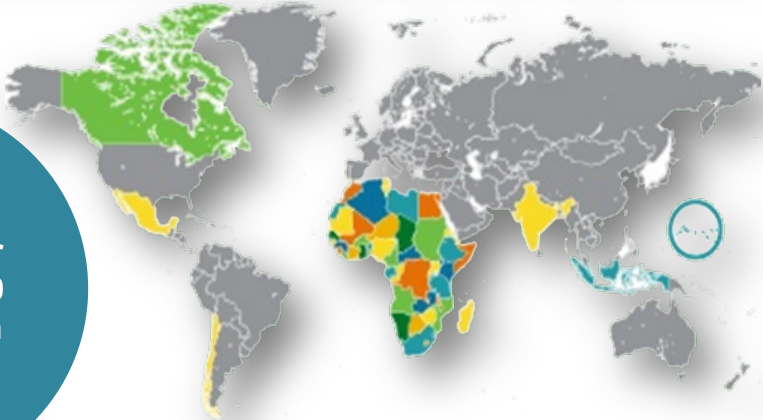

Connects policymakers to a global network of more than 30 energy experts for quick-response technical assistance on policies and programs relating to:

- Renewable Energy
- Energy Access
- Energy Efficiency
- Smart Grid
- Transportation
- Utilities

Delivered no-cost assistance for more than 160 requests from over 75 countries.

Please submit your question directly at cleanenergysolutions.org/expert

Jem Porcaro, Energy Access, United Nations Foundation

Jem Porcaro is the Senior Director of Energy Access at the UN Foundation, where he is responsible for providing leadership, management and project support to the Foundation's energy access work, with a particular focus on its involvement in the UN's Sustainable Energy for All (SEforAll) initiative. Jem has more than ten years of experience in international energy development. Immediately prior to joining the Foundation, Jem worked with Nexant and earlier in his career worked with UNDP on energy access issues in their global energy practice. Jem received his Master of International Affairs with a concentration in International Energy Policy and Management from Columbia University, and his Bachelor of Science in Civil Engineering from Tufts University.

Jannik Moeller, Nigerian Energy Support Programme (NESP)

Jannik Moller is currently Head of the NESP Rural Electrification and Sustainable Energy Access Unit in Nigeria. He has long term experience from various electrification projects in Sub Saharan Africa. He has worked for the GIZ, UNDP, Danida and as private consultant. He is dedicated to renewable energy and has managed development of utility scale wind parks and a biogas plant. Furthermore, he has headed control and protection projects for the Balkan 400 kV grid as well as extension of the Danish 132 kV grid in Europe.

Femi Oye, GoSolar Africa

Femi Oye, Chief Architect, GoSolar Africa - a frontier and leader in clean, safe & affordable Pay As You Go solar mini-grid and solar refrigeration systems targeting low income households, businesses, schools, non-profits and government organizations at a low and innovative rental plan never available in the market.

Ifeanyi Orajaka, GVE Projects Limited Nigeria

Ifeanyi Orajaka, is a 28-years old Social Entrepreneur, Engineer, Green Energy Ambassador, IEEE Smart Village Ambassador, Global Shaper, Mentor and Founder/CEO of GVE Projects Limited Nigeria.

Question and Answer Session
